

**ANYTHING
THEY TEST
WE PRE-TEST
& REPAIR**

Make life easy for yourself...

Preparing for the NCT

In your own interest, we strongly recommend that your car should be serviced before the NCT. In addition, please prepare for the test by ensuring that:

1. Your car has adequate oil and water
2. The boot is empty
3. The vehicle is reasonably clean (especially the underbody)
4. The wheel hubcaps are removed and the tyres are inflated to the correct pressure.
5. The timing belt has been replaced in the case of a diesel vehicle i.e. within the timeframe specified by the vehicle manufacturer.

If the above items are not taken care of, Coby Autos and NCT Centres may be unable to test your vehicle. And of course, don't forget to bring your vehicle registration book or registration certificate!

Penalty Points

Inspection is Prevention

From 1st May there are 66 possible offences to earn penalty points. Many of these are condition related (eg: Poor brakes, worn tyres, poor windscreen wipers etc.) and can be avoided.

Our pre-test Inspection focuses on the causes of these offences thus avoiding penalty points.
